Washington, D.C. 20001

Dear Members of the Board:

I am writing this letter in support of the George Washington University Campus Plan Board of Zoning Adjustment Application No. 16553. I am a voting resident of Ward 2 and live in the Foggy Bottom/GWU neighborhood. I have reviewed their proposed plan and find it to be balanced, exceptionally well thought-out, and it appears to satisfy the future needs of the students without adverse impact upon the surrounding community. George Washington University has always been exceptionally committed to the prosperous future of Foggy Bottom and we have been good neighbors.

Their plan envisions the enhancement of not only the campus but also the surrounding community with significant public improvements which benefit us all. Furthermore, there appears to be no changes to the current student, faculty and staff caps and the level of development planned is no greater than what your Board approved in 1985.

In sum, over many years, GWU has been an excellent neighbor whose presence enriches our community and who has helped us tremendously in maintaining the safety, beauty and historic charm of Foggy Bottom. We would like for this to continue!

For all these reasons, I kindly petition you to approve their application.

Thank you very much.

Very sincerely yours,
