RE: The George Washington University Campus Plan — Board Application # 16553

Dear Members of the Board:

I have lived in close proximity to the George Washington University since 1976.

This week I received the enclosed material in the mail. As you can see, George Washington University is soliciting from me a letter of support for a plan which they do not share with me in this mailing. The University even provides a sample letter for me to copy.

In my view, the George Washington University is not a good neighbor

Board of Zoning Adjustment
District of Columbia
CASE NO.16553
EXHIBIT NO.53

Foggy Bottom, as a community is being eroded by the physical encroachment of the university, and by the overcrowding it generates.

I believe that the Board of Zoning Adjustment should consider 2 prerequisites for the George Washington University before permitting any further expansion:

1. Provide adequate student housing
2. Provide adequate off-street parking for students, faculty, staff and patients of University facilities.

Thank you for the opportunity to express an opinion on this important matter.

Sincerely,

Thomas W. Keegel
