Re: George Washington University Campus Plan
Board of Zoning Adjustment Application No. 16553

Dear Members of the Board:

Two of my neighbors in Foggy Bottom, Ron Lehker and Don Tobey, forwarded me a form letter supporting the George Washington University Campus Plan and encouraged me to sign same and mail it to you.

I decline to support GWU expansion. The university has consistently overlooked the needs of this unique and historic residential community. Every year there are fewer single-family homes, fewer parking places for tax paying residents. With respect to construction of the new hospital, the university steamrolled over resident's objections about an unseemly loading dock facing the neighborhood.

GWU has no interest in Foggy Bottom other than its own. Therefore, I have no interest in supporting any campus plan that permits university growth until the institution is able to house and park its students within the current boundaries.

Sincerely yours,

Michael D. Anderson
