Re- The George Washington University Campus Plan
Application # 16553

Dear Ms. Reid-Cross:

Throw away your rose colored glasses, PLEASE!!, You call G.W. a good neighbor? G.W. is fast destroying what was once a wonderful little village type residential area for busy, interested and Civil minded residents.

Many of our residents chose the small attractive homes to spend their retirement years: not too much to care for; small patios to rest outside in peaceful surroundings; little front yards to garden.

Today, The University has reduced upscale living to make way for dirty little students with baggy pants who care nothing about our area and only know how to party!

How in hell can you "based on personal experience" claim GW as a good neighbor and how does its presence enrich the community?

Sincerely,
Adaire Cotter
