Re: Application No. 16556

Dear Ms. Reid:

I live in Ward 4. I consider myself fortunate to live in the District, and particularly in Ward 4. Our city has social and educational richness. I think that educational opportunities are very important for Washington. In fact, I recently started attending law school here and will be able to add a new dimension to my career and my life without leaving town.

Washington has a diversity of people and, fortunately, a diversity of schools. This includes one--and only one--Jewish elementary school, the Jewish Primary Day School of the Nation's Capital. Although I am not Jewish, I believe that it is imperative for the quality of life and expression of diversity in this city that a Jewish Day School be available for those who are.

Therefore, I support and urge you to support and approve the application of the Jewish Primary Day School of the Nations' Capital for temporary occupancy at 7701 and 7712 Sixteenth Street, NW. The temporary occupancy is necessary for the survival of the school as it prepares for occupancy of its planned permanent site in the District of Columbia. If the Jewish Primary Day School of the Nation's Capital does not survive, many students and their parents will move out to Rockville and other suburban locations.

The proposed location is in a neighborhood where the school has always had students residing. Of course, as a minority group, Jews must gather from several neighborhoods to fill a school.

The Jewish Primary Day School is committed to staying in the District of Columbia. I hope that the Board of Zoning Adjustment will recognize that it is in the interest of the city as a whole to support the survival of the school by granting the zoning adjustment requested. I believe that hosting the District's only Jewish school in Ward 4 would put a real feather in our cap.

Schools enhance the quality of life in a neighborhood and in a city as a whole. I know that the Jewish Primary Day School of the Nation's Capital has been sensitive to the needs of prospective neighbors, such as myself. For example, a respected engineering firm has designed a

detailed traffic management plan to keep school traffic off residential streets. Also, the school is planning to invite neighbors to school events, to set up a liaison committee to assure considerate interface with neighbors, and to offer adult education classes free of charge. This school would be good for my neighborhood and good for the District.

Please approve the application of The Jewish Primary Day School for a zoning adjustment. I also urge you to expedite the decision, so that the school can open on time in September.

Yours truly,

Brian Manuel
