Re: Application No. 16557
Lot 840, Square 2082

Members of the Board:

Our neighbor, Ms. Rochelle Green, has filed for certain relief of zoning regulations with regard to an addition she is planning at her residence. Ms. Green has shared with us certain preliminary drawings of the proposed one-story addition.

We are the immediate property owner to the east and share a party fence with Ms. Green. While the proposed addition will have some limited impact to our access to light from the west, we take no exception to the proposal and offer our full support for the application in accordance with the preliminary drawings we have reviewed.

Respectfully,

Nancy V. Renfrow
