Application No. 16558

To Whom it May Concern:

We live at 3903 Jenifer ST., behind and to the side of where the proposed addition would be built. The proposed addition would be visible from our kitchen and den windows.

We are opposed to the Application for a variance. We believe it is important to maintain the integrity of this old, established neighborhood, with relatively large houses separated by slim pieces of land. We are against upsetting the current -- and very pleasant -- balance. We also are concerned that granting this variance might be seen as a signal for other, similar, variances -- and that would wreck our neighborhood.

We therefore urge the ANC to recommend against the proposed variance application and we urge the BZA to reject it.

Respectfully submitted,

Robert Greenberg
