March 13, 2000

The owner of 5308 39th Street N.W. (Application # 16558) would like to build closer to the property line on the west side of her property. I object to the principle of changing zoning regulations because they were established for good reason and to protect other property owners. If the owner needs more space for food supplies, she can build closets in her existing house. She has plenty of space being the only occupant of the house.

Sincerely,

Harrison D. Miller
