DC Board of Zoning Adjustments

Ref: **Board of Zoning Adjustment Application for Field School To Be Located on Foxhall Road**

Dear Ms. Reid:

As a resident in the community where Field School has requested a zoning adjustment, we are writing to express our strong support for this request.

This school will be an asset to the community. The major concern that has been voiced by oppostion to this proposal is one of additional traffic. I believe that the proposals that Field has put forth to address this issue are appropriate and adequate solutions to the problem. I would also add that if this property were used for another purpose, such as a housing development, we would see an increase in traffic as well. While we all dislike the inconvenience of traffic, we cannot forgo opportunities to otherwise enrich our community.

Sincerely,

Stephen Nelick
