Re: Case No. 16559- The Field School-Special Exception

Dear Ms. Reid:

While we are not experts as to traffic congestion, we are very concerned that the proposed location of the Field School will create a massive traffic congestion on Foxhall Road at the opening and closing hours of the proposed school.

Obviously, we have no solution to the apparent traffic problem, but we strongly urge that in-depth consideration by the appropriate authorities should be conducted to the end that the nearby neighborhoods can be assured that the currently heavily loaded Foxhall Road will not present a situation that will cause the current Foxhall Road traffic to spill over into existing neighborhood streets.

Thank you for your consideration.

Yours truly,

Sam Pickard
