Re: Board of Zoning Adjustment Application for the Field School on Foxhall Road, NW (former Cafritz Estate)

Dear Board of Zoning Commissioners:

The purpose of this letter is to express my strong support for the application of the Field School to establish a private school on the former Cafritz Estate located along Foxhall Road, NW.

My son attends Horace Mann Elementary School, which is about a mile north of the site, and I often drive south on Foxhall Road in the morning after dropping him at school. Although Foxhall can become congested south of Reservoir Road where it merges with MacArthur Blvd, I have not found the traffic to be a serious problem near the Cafritz property. Having read the Field School's plan for minimizing the impact of its traffic, I do not believe that the school will create traffic problems.

I have always gained pleasure from the view of the Cafritz house and the surrounding estate. The Field School's plans for building on the site reflect a sensitive attention to the beauty of the property, and I look forward to seeing those handsome new buildings on future drives on Foxhall Road. I also appreciate the efforts of the Field School in making the plans available for people in the neighborhood to see.

Thank you for your attention to this letter. I hope that you agree that the Field School will be a distinguished addition to the neighborhood and that you will approve the school's application.

Sincerely,

Kevin Finneran
