Re.: Board of Zoning Adjustment Application for The Field School
Foxhall Road, N.W. (former Cafritz Estate) Case # 16559

Dear Commissioner Reid:

As long-time residents of the District of Columbia and parents of a Field School graduate, we want to express our strong support for Field School's application to establish its new home on the former Cafritz Estate on Foxhall Road. We are familiar with the development plan proposed by Field School and firmly believe that it respects the surrounding community and will not create any detrimental impact on this neighborhood.

We compliment Field School for reaching out to the community during the design process by meeting on a regular basis with neighborhood representatives to address issues of concern. The resulting master plan will minimize the impact of the new school buildings, entrances, and parking spaces. This sensitively designed campus will create a harmonious environment that benefits both the school and the neighborhood.

Great cities like the District of Columbia need to foster great institutions like The Field School. We are convinced that Field School will be a good neighbor on Foxhall Road, just as it has been in Kalorama Heights. We appreciate your attention and ask for your support to approve The Field School application.

Sincerely,

Edith Kolodny-Nagy
