RE: Field School application; Case #16559

Dear Ms. Reid,

I am a resident of the District of Columbia and live in the neighborhood of the Cafritz property, on which the Field School proposes to build its new school.

Having the Field school as a neighbor would please me very much, and I am writing this letter in support of their application. From what I know of the school, Field has always been mindful of the concerns of its neighbors. The plans I have seen of the proposed site development show that they have taken pains to create an attractive complex, preserving the open space we all value so highly. Their plans for traffic control seem very adequate and entirely appropriate for an area like Foxhall.

Please add my name to the long list of neighbors who recognize what a benefit it will be to have a school like Field in the neighborhood.

Very truly yours,

Jonathan Blake
