Dear Ms. Reid,

I am writing in reference to Case 16559, the Field School's application to move to Foxhall Road. As a resident of the District of Columbia and a graduate of the Field School, I strongly support this move and encourage the Board of Zoning Adjustment to approve it.

Field is a unique institution that serves families from throughout the District. It has earned the loyalty and respect of a generation of parents and students by providing a caring, community-minded, and challenging educational environment. The Foxhall site will allow Field to enhance the sought-after educational experience it provides to District families, while continuing its tradition of community involvement.

I have every confidence that Field is truly and deeply committed to being a good neighbor, as it has been on Wyoming Avenue for many years. I both live and work not far from the current Field site, have friends who live within a block of the school, socialize with several current Field parents, and am a member of the school's Alumni Board. On all these fronts, I have been impressed by the Field community's explicit commitment to making a smooth and neighborly transition to the Foxhall Road site.

Thank you for your consideration.

Sincerely,

Lauren J. Asher
