LEOLA (SCOE) DELLUMS, ESQ.
5425 28TH STREET NW
WASHINGTON, DC 20015

BZA
Case No. 16559
Exhibit No. 220

Dear Commissioner Reid,

I write in support of the Field Schools application to establish on Foxhall Road, N.W. a new academic facility. It is my understanding that a Comprehensive impact study has been done which addresses the concerns of the community especially as it relates to the area's traffic patterns. Also another indication of the Schools sensitivity to the needs and desires of the neighborhood, is it's willingness to have regular meetings with its representatives. I have a son who graduated from the Field School, it is an institution that not only cared about it's students but was truly a part of the community where it was situated. I know this will continue to be the case in this new location. I urge your support of its application. Sincerely, Leola Dellums
