Re: Board of Zoning Adjustment application for the Field School
Foxhall Road, NW (the former Cafritz estate) Case # 16559

Dear Commissioner Reid,

I am writing to express my support for The Field School's application to relocate to the former Cafritz estate. I believe The Field School's presence in the Foxhall Road, NW area will present no detriment to the community and will, in fact enhance it.

I commend The Field School and Elizabeth Ely for their diligence in contacting the community early in the design process and for keeping all constituents advised as to the progress in the development of this project. I believe that the planners for the "new" Field School have considered the needs of the community as well as those of the school, itself, relating to environment, traffic flow, and facility usage.

As a resident of the District of Columbia from February, 1993 to July, 1995 and now, again since September 1, 1999 (hopefully forever), I believe that keeping schools like Field within the District is in the best interests of the entire community.

Our daughter attended Field in its present location for her last three years of high school. It was a pivotal time in her life and Field provided the support, challenge and opportunity for her to grow into a successful, talented young woman. We are only sorry to see this unique institution leave our immediate neighborhood but sincerely want what is best for the school and, indeed, for the community at large.

Sincerely,

Judith M. Moore

Mrs. Charles H. Moore
