RE: Board of Zoning Adjustment Application for the Field School
Foxhall Road, NW (the former Cafritz Estate) Case # 16559

Dear Commissioner Reid:

The purpose of this letter is to express my strong support for the application of The Field School to establish a private school on the former Cafritz Estate located along Foxhall Road, NW. I believe that the development plan proposed by The Field School will create no objectionable conditions to the surrounding community and will not create any detrimental impact on the immediate neighbors of the site.

I believe The Field School should be commended for the steps that it has taken in eaching out to the community early in the design process of the school buildings, athletic facilities and location of the entrances to the School and parking spaces. The end result is a plan that I believe creates a beautiful environment for The Field School's students, faculty and parents, as well as the surrounding neighborhood. It is a good use of this property.

One of the issues of greatest concern in the community has been the impact that this project will have on the traffic patterns in the area. I believe that the traffic management plan the school has devised will serve the interests of the parents and students and the residents of the neighborhood and not create a problem. I am also impressed by the school's willingness to meet on a regular basis with representatives of the neighborhood to address issues of concern. Field will be a good neighbor.
