Re: Case No. 16559

Dear Ms. Kress:

Our family has lived in the Palisades neighborhood for many years. We are writing to strongly support the application of the Field School to relocate to the Cafritz property on Foxhall Road.

Field School would be a great benefit to the neighborhood. It would be a wonderful educational opportunity for children of parents in the Palisades and other nearby areas, and thereby would enhance the neighborhood.

Field School would not have an adverse impact on the neighborhood in any way. We believe that Field has made great efforts to create a design which fully addresses any potential problems, and solves these problems. Field has demonstrated an outstanding willingness to deal with the neighborhood residents. In particular, it has addressed any traffic problems, and we do not believe Field would cause any adverse impact on traffic. Field School is the best possible use for the Cafritz property.

We request that the Board of Zoning Appeals approve the application of Field School. Thank you for your consideration in this matter.

Sincerely,

Diane F. Sim
