Re: The Field School
BZA Application No. 16559

Gentlemen:

References made to the document entitled, "Selected Projects Involving Turn Lanes" prepared by James Long which accompanied your letter of August 10, 2000 to the BZA in this case. This document lists 10 project names involving turn lanes in various jurisdictions. However, the information provided does not indicate which projects had a downgrade or slope of greater than 2% or which decreased the AASHTO guidelines for the necessary deceleration, taper and stacking/storage bay lengths. Please provide this information immediately so that we can make a proper response to the BZA by August 17, 2000.

Sincerely,

Richard L. Aguglia
