Re : Case No 16559

Dear Mrs. Kress:

I am writing because I am concerned with the additional traffic that the proposed Field School would put on Foxhall Road. I live on W Street on the east side of Foxhall. To turn left on Foxhall or to go straight across Foxhall from my street can take a long time (and the reverse if on the other side of Foxhall).

The waiting has many folk becoming impatient and as the waiting gets longer the more some folk are likely to pull out when they should not.

I have been involved in one such accident at Foxhall and W and had many, many near misses. Mine was one of those many accidents that is not reported.

Because of the turns on Foxhall below and above W Street it appears that it would be more dangerous to have a traffic light there bacause the travelers on Foxhall would not see the backed up traffic in time to stop.

There is no way that the Field School should be allowed at this location unless the traffic department has a solution to our ever increasing dangerous traffic on Foxhall.

I think the School has been responsive to other neighborhood concerns, but I can see from the traffic standpoint another school on Foxhall will be dangerous to us as well as promoting gridlock on Foxhall.

Sincerely,

Jessie M. Harris
