The Honorable Sheila Cross Reed, Chair
District of Columbia Board of Zoning Adjustment
441 4th Street, NW, 2nd Floor
Washington, DC 20001

BZA Case #16559

Dear Ms. Reed,

I would like to add my support to those who are in favor of granting the special exception which would permit the Field School to occupy the Cafritz Mansion, 2301 Foxhall Road, NW. I bring several perspectives to this issue. First, I am a parent of two graduates of the Field School. My children received excellent educations and I highly recommend Field to anyone seeking a school for her child. Second, I am a resident of the same block on which the Field School currently resides. During the nineteen years that I've lived here, I've found the school to be a courteous neighbor and would reassure the residents of the Foxhall neighborhood that the school will not be a nuisance. And last, as a historic preservationist, I am pleased that the Cafritz Mansion, if occupied by the Field School, will be rescued from possible demolition and will be adapted for a sympathetic use. I urge you to grant the exception.

Sincerely,

Sally Berk
