Dear Ms. Reid:

My wife and I have lived for over 30 years three houses off Foxhall on Fulton Pl. The volume of traffic has increased steadily, especially over the last five years. There are now even big trucks. My wife now detours to Garfield street so that she has the light to help her get into the Foxhall traffic flow.

We both favor schools. There comes a point, however, when traffic becomes a legitimate concern. A compromise needs to be found so that there are limited stoppages as people enter or leave the school. Could there be a light at W street to permit East-West access only, and not turns off Foxhall?

Regards,

Irene Janet Robert
