Re: Zoning Adjustment Case Number 16562 for 1314 Rhode Island Avenue, NW

Dear Ms. Kress:

I wish to support the above applicant. I live just four houses away from this building to the west. This renovation is long overdue, and will be a positive redevelopment project for the neighborhood. I understand from the materials I have seen that the carriage house is historic, and that it must be preserved.

The addition of an apartment in this carriage house will have a positive effect on the neighborhood, including better security for the alley which we jointly share.

Very truly yours,

Gregory Parks
