Re: BZA case for 1314 Rhode Island Avenue, NW, case number 16562

Dear Ms. Kress:

I live adjacent to the above property, and support the renovation of the carriage house. The carriage house renovation is long overdue. I understand the property is to be developed into a two bedroom apartment with one car parking, and is to be connected to the main house.

I hope that the old tree in the courtyard can be taken out, and that the fence between the next door property and mine can be repaired or replaced with a better fence (the fence is entirely on the property next door). I am concerned about security, and believe that this renovation will make my house safer.

Sincerely,

Doll Gordon
