Subject: 2134 Leroy Place, NW
16563

Dear Zoning Commission:

Tomorrow, 5 April, 1:00 p.m., a hearing is scheduled for an addition to the single-family dwelling on 2134 Leroy Place. It appears from the plat that the extension is proposed to the alley side of the dwelling.

Since I and the National President will not be able to attend this hearing due to out of town commitments, I would like to offer the following comment:

> The extension appears to not extend into the alley; however, visibility in the alley is already restricted at the corner where the extension is proposed. Though the alley is designated as "one way" and "no parking allowed," violations are a daily occurrence. As this is a working alley for trash collection and entrance into residences, barriers inhibit the flow of traffic. This includes construction/utility vehicles.
>
> We would ask that if this application is approved--the enforcement of the "one way designation" and parking restrictions be enforced. New and more visible signs as well as a letter to each residence backing into the alley (Leroy and Bancroft) reminding them of the designations.

Thank you for your consideration of our comments.

Sincerely,

Jeanne Penfold

Jeanne Penfold, Past National President
National Service Officer
