Re: 2134 Leroy Place NW – Case 2341076

Dear Members of the Board of Zoning Adjustment:

We live at 2136 Leroy Place NW across the alley from Mr. & Mrs. Siegel at 2134 Leroy Place. Our house has a kitchen in the back of the main floor with a breakfast area. The kitchen's windows look out on the alley and the addition being proposed for 2134 Leroy Place. Therefore, we are one of the neighbors most affected by the addition.

We would like to be on record as supporting the Siegel's application for a variance for the addition. We would like to commend them for the cooperation and creativity they exhibited in redesigning the addition so that it would not impose too much on the somewhat cramped space of the alley. We think the new design will work very nicely, adding to their home without negatively impacting others.

We hope that the Board will act favorably on the Siegel's application.

Sincerely yours,

Christopher K. Chapin
