Dear Ms. Reid,

I am writing to you regarding the BZA Application Number 16566, the Georgetown University Campus Plan.

Georgetown University is Washington International School's neighbor on Reservoir Road. During the past year, Georgetown University has assisted our school in a variety of ways. My experience with Georgetown U is that they have always made a gracious effort to help us with our specific needs.

We have hired Georgetown University students to work in our extended day care program and to help out in physical education and after-school sports classes. We have also hired Georgetown students to work in our summer camps.

Washington International School held our annual Halloween Parade on the Georgetown University campus. Georgetown University was so thoughtful that they even provided campus security guards to help our students cross Reservoir Road.

This past spring, Georgetown University helped us promote our summer camp programs to Georgetown employees who have children.

Throughout the school year, Georgetown U. has been a great neighbor.

Sincerely,

Susan Pasko
