To Ms. Sheila Cross Reid, Director, Board of Zoning Adjustment

From Harry and Sally Garnett, 3420, N Street NW. Washington, DC 20007

July 16, 2000

Georgetown University Master Plan

We would like to recommend that no additional undergraduate student be admitted. The current student body has a very adverse impact on the community in which we live. W have been residents in Georgetown for 3 years.

1. The late night noise is so bad on Friday and Saturday that we have to move out of our N street bedroom into a room at the back of the house.

2. Even so, we are frequently disturbed by loud parties from a student occupied property at the corner of 34th and Prospect. We have had to call the police to intervene in the parties there.

3. Our trash is occasionally turned over by students on Friday night. Once all the bottles were smashed.

4. I have often had to get up in the middle of the night, usually at 3 am, to try to quieten noisy students -- either their voices or their car speakers.

The noise and disturbances are so bad that we have often considered selling our house and moving elsewhere.

So, we recommend that no additional student accommodation be constructed and that more vigorous measures be taken to bring under control the current study body.
