Dear Mrs. Reid,

I have lived at this address for 23 years. Prior to that, I lived on N ~~East~~ side of Wisconsin. Student houses have always been a problem on this block, as elsewhere. The weekend "hotline" at GU is only marginally helpful in breaking up unruly parties late at night. The students do not take into account they are living in a residential neighborhood, not a college campus. Trash & improperly handled garbage is a constant problem. The City is trying to make headway in N Wisconsin, & these BZA's are oblivious to that effort.

Sincerely, Susan Greene

BZA
