Re: Georgetown University's Proposed Campus Plan

We strongly **oppose** the current Georgetown University Campus Plan for the following reasons:

1. Increased enrollment will be detrimental to the residents because of increased traffic, noise, and a continued need for off-campus housing,

2. Proposed entertainment facilities, while unobjectionable in theory, lack adequate provisions for dealing with traffic, parking and the crowds accompanying athletic and theatrical performances.

3. The Campus plan masks the full impact of the University on the community. It does not encompass important buildings and programs which are situated in the Georgetown Community but outside the arbitrary boundaries of the plan.
