RE: THE GEORGETOWN UNIVERSITY CAMPUS PLAN APPLICATION (BZA No. 16566):

Dear Members of the Board:

At its regularly scheduled, duly noticed public meeting on February 29, 2000, with a quorum present, the following motion was approved:

ANC 2E looks forward to continuing work with Georgetown University regarding the critically important development of its campus plan. We encourage wide involvement of the community, in light of the impact that the ten - year plan will have.

We ask the University to promptly provide necessary information about student housing; about the plans for MedStar development of the hospital, parking facilities, and doctors'office buildings; and full traffic impact studies for all elements of the plan. It is essential that the community have these materials adequately ahead of formal hearings to allow for thoughtful consideration, in order to eliminate unnecessary delays.

Please let me know if the Board has any questions about our position.

Sincerely,

Peter Pulsifer
Chair
