RE: Application No. 16566
Georgetown University Campus Plan

Dear Madame Chair:

The Burleith Citizens Association is requesting a postponement of the hearing date of June 13, 2000on the above application. As you are probably aware, ours and other communities are going through a mediation process with the University that was requested by the Office of Planning. There are still some outstanding issues that need time to be brought to the table and right now we feel as though we are working "under the gun" to appease the University so that they can submit their report to you in timely fashion. With the long Memorial Day weekend, there just is not enough time to meet before the University's deadline. It seems that mediation is time well spent if we can work out some of our disagreements and bring the results of consensus to you.

Please give this request your serious consideration.

Thank you for your attention.

Sincerely,

Patricia Scolaro
