Re: BZA Application No. 16566
Georgetown University Campus Plan

Dear Ms. Reid and Members of the Board:

I have resided in Georgetown for nearly twenty years, and my husband for several more. We have chosen to raise our children, who were all born at Georgetown University Hospital and are now ages 13, 11 and 10, in this wonderful town.

Over the years we have had the pleasure of getting to know many Georgetown students, several of whom have tended our children. We especially like to have Georgetown students as sitters because they are responsible young adults and serious scholars and, needless to say, excellent role models for our children. One of my nieces from Pittsburgh attended Georgetown as an undergraduate and recently graduated from the law school. Another niece graduated from the Georgetown Business School two years ago. Needless to say, we feel a great affinity with the school. I strongly feel that residents of Georgetown are fortunate to have the University as a neighbor. Having faculty members, Deans, and administrators as neighbors and volunteers in community programs contributes immeasurably to our life and the vitality of Georgetown. We benefit from the diversity and resources the University provides us in so many ways. The University works hard to keep good relations with the community. My husband and I enthusiastically support the University's Campus Plan.

Sincerely,

Barbara Lanahan Mauro
