MEMORANDUM

TO: Jerrily R. Kress, FAIA
Director

FROM: Ellen M. Yung-Fatah, RN, MPH, CPM
Program Manager

DATE: February 11 2000

SUBJECT: BZA Application No. 16568
3040 Stanton Road, SE

DISTRICT OF COLUMBIA
OFFICE OF ZONING
00 FEB 22 P 3:15

As required by 11 DCMR Sections 205 & 206 concerning child development centers, the Human Services Facility Division (HSFD) is submitting the following statement regarding the above-referenced address.

3040 Stanton Road, SE has not submitted an application to establish a child development center to the HSFD. Therefore, the HSFD cannot review the referenced BZA application to determine whether the referenced address is appropriate or has adequate space to be licensed as a child development center.

In the absence of specific information for review, the HSFD recommends the following conditions be included in the BZA order:

1. The applicant submits an initial license application for a child development center to the HSFD;
2. The facility must comply with the HSFD in the number of children it can care for based on the actual measurement of the usable program space of the premises by the HSFD licensing specialist. The square footage requirement is 35 ft.^{2} per child and 45 ft.^{2} per infant; and
3. The facility must comply with the one flush toilet and one lavatory facility requirement per every 10 occupant of the facility. The occupants include adult, children, and infants (29 DCMR 329.1.)

Please forward a copy of the BZA order to this office upon approval. If you have questions to the above recommendation, I can be reached at 442-5929.
