TUCKER'S DAY CARE CENTER

Statement of Existing and Intended Facility Use

Tucker's Day Care Center (The Center) is committed to providing high quality Child Care for parents who seek care for their children outside of the home for a major portion of the day. The Center is designed to meet the individual and unique needs of children, (birth to 11 years) and to help them develop and strengthen their social, physical, emotional and intellectual growth. Tucker's believe that the best way to do this is by providing a warm, nurturing, and enriching environment where children can engage in a variety of structured and supervised activities.

The Center also serves to promote, stimulate and enhance the skills of parents and organizations providing childcare services. The Center provides comprehensive technical assistance programs which, are designed to meet the needs of parents, guardians and other caregivers. As a result of The Center's program services, childcare providers are better equipped to address children issues pertaining to crime and violence, educational deficits, substance abuse, family and community issues, social development and growth.

The Washington, DC area provides headquarters to over 4500 hundred infants, toddlers and school-age children and their parents who are directly impacted by impoverished conditions, Welfare Reform, lack of educational and financial resources and are in need of childcare services.

The Center collaborates with other childcare institutions to formulate training and technical assistance program models for replication in other urban areas.

Tucker's Day Care Center provides the following programs and activities to children and families from impoverished communities and low-income families throughout the Washington, D.C. metropolitan area.

Childcare Services: Tucker's Day Care Center provides Childcare services to the following children's groups:

- INFANTS
- TODDLERS
- SCHOOL-AGE CHILDCARE (Before/After School Activities)
