Subject: Mrs. Bertha Tucker
Tucker's Day Care Center
#16570

I was told of the situation concerning Tucker's Day Care Center wanting to expand the center. I feel that is wonderful that Mrs. Tucker has decided to expand the size of her daycare to serve more children in the Southeast Washington area. I have a child that has attended TDC for the past year and a half and I have always been pleased with the way Mrs. Tucker operates her center.

When I heard that facts that Mrs. Tucker was thinking of adding an addition to her exsiting building, I felt that is what this community needs. We need more centers in our community that will not only except toddlers and preschoolers, but infants as well. Before my child entered TDC I had been searching for a while trying to find a center close to my home and one that would except and infant. Someone mentioned to me about TDC, and when I came to the center, I knew I wanted my child to attend.

At TDC I feel very comfortable leaving my child. Mrs. Tucker and her staff are always nice and pleasant, and seem to be well organized at all times. TDC to me offers more than just a place for your children to go while you work, but a positive learning experience you and your child. I strongly agree with the idea of expansion and feel that it will bring forth a much better center for the children and the surrounding community.

Sincerely,

Concerned Parent
