My name is Lashaun Green and I have been working at Tuckers Daycare Center for a year and within this year I have learned so much from working at the center. Not only have I received the proper training to work in the child care profession, Mrs. Tucker has graciously paid for me to get my child Development Certificate (CDA), which really means a lot to me because I myself would not have been able to afford to pay for the classes, books or the other materials needed to receive my CDA. Mrs. Tucker has also paid for numerous amounts of training classes that her entire staff must attend throughout the past years. So when I say that I really do support Mrs. Tucker its not because of the things that she has done for myself or others its because of the beautiful person that she is inside and out.

Sincerely

LaShaun Green
