RE: BZA Application no. 16576

To the Board of Zoning Adjustment:

I have reviewed the proposed plans for the addition to 5212 Upton Terrace, N.W. Washington, D.C.. I find the proposed design acceptable and in keeping with the neighborhoods architecture and lot density. I fully support the project, the variance request, and I hope the board acts supports the request as well.

Sincerely,

4055 52nd Ter N.W.
