Re: Board of Zoning Adjustment Case Number 16584 for 1520 22nd Street, NW, hearing date July 5, 2000, **Supplemental Filing of Information**.

Dear Ms. Kress:

Enclosed herewith are 15 interior photographs of the subject property showing the as-is conditions, including separate utilities services.

Also enclosed are copies of the approval of the proposal from the Commission of Fine Arts, and a copy of the Historic Preservation Review Board's staff report approving the proposal and designating final approval of the project to the staff.

Finally, enclosed is a Summary of Testimony by witnesses.

In addition to the above, the Applicant wishes to correct an errata on the Exhibit B, page 2 of the original Application. The completed square footage of the house plus addition is 1,844 square feet not including a cellar of 234 square feet, not counted for zoning purposes, and is not the recited square footage contained in Exhibit B of 3,456.5 square feet. We apologize for the mistake.

Kindly enter these documents into the official record of this case.
