RE: 1520 22nd Street, NW aka 2208 ½ Q Street, NW,
BZA Case Number 16584
Construction of a fence to protect the playground on adjacent property

DATE: August 7, 2000

The School for Friends has requested that the owner of 1520 22nd Street, NW protect the children in the playground on the property immediately adjacent to the construction activity to renovate the building, including a second floor addition, with a temporary construction fence at least fifteen feet high to be placed on the property line during the time of the construction activity. In addition, the owner of 1520 22nd Street, NW is to instruct his contractors and agents to take all precautions necessary to protect the children in the playground from any construction debris or construction items that may fall onto the playground.

This memorandum serves as permission for Doug Jefferies to install the fence described in the foregoing paragraph for the purposes of obtaining a permit to construct such a fence.
