Re: Application #16585 for Variance at 2129 S St. N.W.

As owner-occupants of the residence at 2122 Bancroft Pl. N.W., since October 1967, we support the above-referenced application to install a roof deck on top of the existing 2-story (garage) structure, plus the addition of a 1-story access staircase to the existing staircase.

The above-described additions would - in our view - involve absolutely no detriment to neighboring property owners. In fact, use of the proposed roof deck would provide a new element of "neighborhood watch" security for the alley between S and Bancroft.

Very truly yours,

Robert L. Hirshberg
