Board of Zoning Adjustment and the ANC

Dear Board of Zoning Adjustment and the ANC,

I am writing this letter on behalf of Mary and David Stevens. They are our neighbors, and their house is directly behind our home at 2118 Bancroft Pl. N.W. It is our understanding they wish to build a rooftop deck on their detached garage. I have seen plans for the new structure and believe it would be an improvement over the existing view of a metal roof.

We would be in favor of the construction of this addition to 2119 S Street. The Stevens and Dr. Fann Harding have assured us that there will be little interference during the construction with respect to alley blockage, noise and utility service interruption. We trust that this will occur as stated and are happy to endorse their proposed improvements and the ability to support the use of this space for their family's enjoyment.

Should you need further information with regard to our support of this new addition, we may be reached at 202-518-9767.

Sincerely,

Janet Campbell

Sincerely,
Janet Campbell
