RE: APPLICATION NUMBER 16590

I oppose this application of the Washington Ethical Society to operate a nursery school at 7750 16th Street, N.W.

This school will bring additional traffic and parking to an area in general, and a block in particular, already over burdened. This site is totally unsuited for the school. It receives most of its services from the narrow alley in the rear as there is no standing or parking on 16th street during rush hour. Few people risk parking on 16th Street at other times for fear of having their cars totaled by the fast traffic.

My garage is located on this alley. The drop-off and pick-up of students will block the alley, greatly hampering my ability to freely enter and exit from my property in a timely fashion.

Please deny this application and help the taxpayers on this block preserve the quality of our R1A neighborhood.
