Reference: Files #16593 and #16594

Dear Sir/Madam:

I am writing to support the applications by St. Luke's Episcopal Church at 1514 15th Street, N.W. for use of their parking lots at 1514-20 Church Street, N.W. (#16593) and 1503 P Street, N.W. (16594). I fully support use by the church of both lots for their activities. I also support use of both lots for parking by community residents and, in addition, use of the P Street lot for special events parking by organizations, subject to appropriate screening and monitoring. I understand that there will be no commercial parking on either lot.

We have found the Church to be good and friendly neighbors, and they have gone to some trouble recently to landscape the lots and otherwise improve their maintenance. I hope you will view these applications favorably.

Sincerely,

Lee A. Kimball

Cc: Ruby M. Van Croft, Senior Warden
St. Luke's Episcopal Church
