Re: Application of St. Luke's Episcopal Church:
File numbers-16593 and 16594

Dear Mrs. Reid:

The purpose of this letter is to express our strong support for the application of St. Luke's Episcopal Church for use of their lots for parking for the church and residents of the community. I believe having use of the parking lots will not create problems for the surrounding community. When the lots are being used for the District of Columbia Jewish Community Center, it would be with the stipulation that we will monitor the lots, as would the church, for proper use during this time period. It is well known that parking within Ward 2 has been and continues to be a serious problem.

As an active community center, we are in constant need of valet parking for our many events. We are willing to work with St. Luke's Episcopal Church for possible dates and times for use of their lots. They have assured us and the community they have corrected past problems and will be responsible for maintaining the lots in good condition.

I urge the Board of Zoning Adjustment to favorably respond to St. Luke's Episcopal Church's application.

Sincerely,

Arna Meyer Mickelson
Executive Director
District of Columbia Jewish Community Center
