RE: BZA Application; Square 486

Regarding the plans which are needed for the BZA Application for Square 486, I have spoken with Betsy Weingarten and she needs to know specifically what is needed. Which of the following plans are needed: 1) something showing the property line, 2) something showing the typical floor, or 3) something with the amenities in it. Also, how detailed do they have to be and do they need to show square footages. Do you need the full size set or would a reduced set be sufficient and should they be marked as drafts?
