From: Elaine Cabrera, Proprietor of 623 Mellon St., SE

Date: Tuesday, January 2, 2001

I have had some allegations and complaints made against me regarding my character, being neighborly, honesty, etc.

I am kindly requesting if you would honestly state your comments on the attached sheet, so that I may include it with my response to the Zoning Board.

The above is necessary as a result of my architect applying to the Zoning Commission for a licence to erect a one bedroom structure over my garage. This apartment would provide me with safer conditions for getting to my business every morning at six a.m. and would considerably help with the constant pain I experience daily in my legs (osteoporosis).

This structure would also provide a couple of steps across a walkway to my business, eliminating any danger to my person and allowing me to feed my clients in a timely manner (7:00 A.M.), so that they may be ready to leave for their perspective day centers.

I am currently under Dr. Marshals' care of Providence Hospital, and I take numerous pain killers for my osteoporosis. I am also a senior citizen, which does not help my condition.

I kindly ask your cooperation and thank you for your time and effort in my endeavor to add on the additional room over my garage.

Respectfully,

E C

Elaine W. Carrera
