RE: Subdivision of lots 808, 809, 810 of square 2982 (zoned R-2) for the construction of a private elementary school modular classroom buildings adjoining existing house which will hold auxiliary classrooms and garage and art studio on lots 106, 107, 0139, 110, 111, and 112, by C. Lillette Campbell and The Bridges Academy.

Dear Board Members:

I have operated a school at 6119 Georgia Avenue, NW since 1979. During that time, there have been no problems presented by the school or its students. The school has been an asset to the community. Our students have participated in many neighborhood and city activities and functions including Georgia Avenue Day, UGABPA Block day, AAA Safety Patrol Parade and others. The parents of the children, though not all community residents, patronize the businesses that surround the school.

Over the years, I have purchased and cleaned several vacant nuisance lots in this square, which had been for many years, neighborhood eye sores. I feel erecting a classroom building and play yard for my students on these lots will further enhance our blocks, attract more patrons for our businesses and contribute to the revitalization of the Georgia Avenue corridor. Our school believes in and is committed to our neighborhood.

Our neighbors, as demonstrated by their signatures attached below, support us in our effort, and find no objection to the proposed use of the lots in question. We look forward to the expansion of the school and its continued strides on behalf of the citizens and leaders of the 21st century.

Legal owners of all properties in this and the adjacent squares are verified by the 1999 FARES District of Columbia Assessment Directory and provided herewith. If there are any further questions, I can be reached at the address above, by phone on 202/829-1901, or fax 202/829-2429.

Sincerely,

C. Lillette Green-Campbell
Principal
