Re: BZA Application 16606
Traci Brown, Owner
1032 D Street, N.E.

To whom it may concern:

I am signing this letter of support for the proposed additions covered under BZA Application 16606 for Ms. Brown's residence. As I understand the variance and special exception request, Ms. Brown is requesting to enclose the six foot area between the rear of her home and the garage to her property with an addition as well as add balconies to the property. This variance and special exception would not adversely impact my light, air, space, scenery or my property in any way. There is an existing garage to this property and the addition would be no higher than the existing garage. I therefore offer my support to Ms. Brown and the application before the BZA.
