Re: BZA Application Case NO. 16611: Proposed Edumund Burke School Expansion

To Whom it May Concern:

We support the application of the Edmund Burke School for a zoning adjustment to build an addition to their existing school building. We have been residents of the District for over thirty years, strongly support public education, and consider ourselves fortunate that both of our sons attended good public schools in the district for their early education. We also are fortunate that Edmund Burke School and Field School were available options for them even though they could have continued at excellent public schools through high school years as well.

We have chosen to live in the District because of the rich and varied educational and cultural choices available here. We believe it is very important that the District continues to accommodate excellent small schools such as Edmund Burke and Field as alternatives for children of its residents. We are aware of the difficulties and concerns of neighbors of Edmund Burke School since we ourselves are close neighbors to a much larger school, Sidwell Friends. We are encouraged that Edmund Burke has, and we believe will continue to honor its commitment to work with the neighborhood.

We hope that you will give your support and approval to the application for the Edmund Burke school expansion.

Sincerely

Henry and Betty Guyot
